What customers are saying...

This restaurant not only offers the widest range of options, from baked ziti to deli sandwiches to omelets and burgers, but their varied selection is an excellent value across the board. Any entree from there is enough for two meals. Also, their service is super fast, am usually in and out in less than 10 minutes. Incredible place.
-Zaeem N

Awesome food. I eat here when ever i am in Hewlett and never disappointed. Good portions and great value. Worth a visit if you are hungry..
-Jon M

I have been a customer of Pantano Foods for three years now. WHAT TOOK ME SO LONG? EVERYTHING is delicious that I have ordered so far. No complaints at all. Delivery is on-time, food is hot, no surprises! Liquids are shrink-wrapped in cellophane to prevent spillage, which is a fabulous idea. Friendly staff, delicious food, excellent delivery....couldn't ask for more.
-Elisa H

My personal go-to spot for salads, wraps, sandwiches, and practically anything else I might crave out of the All American / Italian food genres. Everyone has to try the pink sauce (vodka sauce) absolutely out of this world!
-Nathan K

This place is all around awesome. It practically has anything you could want to eat, always tastes fresh, and well priced! Breakfast, lunch, and dinner is served. There is a creative and tasty menu of wraps, paninis, heros, salads, and specialty plates, among others such as pizza, cold-cuts, soups, burgers..... you could literally eat 3 meals a day here for a month and never have the same thing twice. Pantano wins among its neighbors in value, taste, and diversity without a doubt. On top of it all, the seats are comfortable.
